## HUGH M'GUIRK KILLED IN TRAGIC MANNER

PROMINENT WALTON FARMER  
SMOTHERED WHEN DITCH  
CAVED IN.

### SON FOUND HIM BURIED IN DIRT

Had Been Working in Tile Ditch, the  
Banks of Which Caved in on Him  
—Was Dead When Son Found Him  
With All But Top of Head Covered—  
Former Supervisor.

Walton, Ill., Sept. 13.—Special to  
Telegraph—Hugh McGuirk, one of  
Marion township's most prominent  
farmers and a representative from  
this township on the Lee county  
board of supervisors at the time of  
the building of the new court house,  
was killed in a cave-in of a tiling  
ditch on his farm, in which he was at  
work yesterday afternoon.

The ditch in which the unfortunate  
man was working was about seven  
feet deep. He and his sons had been  
working on the tiling all afternoon,  
but the others were some distance  
from him when the cave-in occurred.  
Therefore it is not known just when  
Mr. McGuirk met his tragic end, al-  
though it was judged to be about 4  
o'clock.

#### Found by Son.

He was found standing upright in  
the ditch, with earth packed tightly  
about him almost to the top of his  
head, when he was discovered by his  
son Raymond, about 5 o'clock in the  
afternoon. The young man hastily  
summoned aid and frantic efforts to  
dig him out were made. However,  
their efforts were futile, for Mr. Mc-  
Guirk was dead when aid arrived.  
The body was removed from the ditch  
and an inquest was held this morn-  
ing, the jury returning a verdict in  
accordance with the above facts.

Hugh McGuirk was well known all  
over Lee county and the news of his  
tragic death will bring forth many  
expressions of sorrow. He was one of  
the prominent members of the board  
of supervisors during the building of  
the court house, and was a member  
of the building committee at that  
time.

He is survived by a widow and  
five children. The four boys are  
Lloyd, Raymond, Joseph and Edward  
and the daughter is Anna. Two brothers,  
James and Will, survive him and  
three sisters, Mrs. Martha Whalen of  
Walton; Mrs. Barney McCaffery of  
Amboy and Miss Rosie McGuirk of  
Amboy. His children are young, and  
live at home. Mr. McGuirk was about  
45 years of age.

Funeral arrangements have not  
been completed, but it was announced  
this afternoon that interment  
would probably take place Saturday  
morning from the McGuirk home, on  
the well known McGuirk farm about  
two miles southwest of Walton.

## DIXON MAN SUED FOR DIVORCE

WIFE OF CHALMER WOODYATT  
CHARGES DESERTION; WOULD  
TAKE MAIDEN NAME.

In the Lee county circuit court yester-  
day afternoon, by her attorney, A.  
H. Hanneken, Mrs. Ethel Woodyatt  
of Clinton, Ia., filed suit for divorce  
against her husband, Chalmers Woodyatt  
of this city, alleging desertion.  
Mrs. Woodyatt, in her bill, states  
that she and her husband were married  
in Dixon Sept. 29, 1908; that they  
lived together until Oct. 1, 1909,  
when her husband deserted her in  
Chicago, where they were then resid-  
ing. She asks the right to resume her  
maiden name of Ethel Keith. The  
case will not be heard until the Janu-  
ary term of court, as it was started  
too late for service at this term.

opticon pictures for which Sec. Baile-  
y of the Y. M. C. A. has arranged

Bailey.

## MARRIED BUT NOT LEGALLY

ASHTON MINISTER MARRIES A  
COUPLE WITH WHITESIDE  
COUNTY LICENSE.

Sterling Gazette: Ray Victor of Elmore, Minn., and Fern Pilcher of Iowa City, Ia., went to Morrison the other day and got a marriage license. They then went to Ashton, in Lee county, where they were married. The marriage license return received at Morrison, indicated that the ceremony was performed by Rev. Simester of Ashton. The couple then went proudly on their way, enjoying their honeymoon.

#### Couple Not Married.

The law, however, requires that the marriage ceremony occur in the county where the license was granted. In all probability the minister did not understand the law or supposed that Morrison was the county seat of Lee county or else he imagined he was in Whiteside county.

Rev. E. Simester is now attempting to locate the couple and have them return and be married again.

When the Whiteside officials received the returns from Rev. Simester they at once wrote him of the error he had made, and that the couple had not been married.

The minister informed the county officials he would do all in his power to rectify the mistake and is engaged in attempting to get the couple to return to his home and get married on a Lee county license or else get married on the Whiteside license which was issued, the preacher coming to this county to perform the marriage ceremony.

### BRYAN AFTER ROOSEVELT

New York, Sept. 13.—William Jennings Bryan will take the trail of Colonel Roosevelt tomorrow, starting from Denver. He telegraphed the Democratic national committee his intentions, saying he would leave Denver and speak wherever Roosevelt has spoken in Colorado, Utah, Nevada, California, Washington and Oregon, returning to Lincoln on October 2 for a brief rest. After that he will go back on the Roosevelt trail and stay there until election.

### BIG STRIKE THREATENED

Cook County Street Car Company  
Employees Vote to Walk Out.

Chicago, Sept. 13.—Employees of the County Traction and Suburban Railroad companies have voted to strike. This means that thousands of residents of Evanston, Oak Park, Berwyn, Cicero, Harlem, La Grange and every other town or village in Cook county outside of the city limits will have to walk or use automobiles or the steam railroads. The strike will affect 85 miles of street railway track in Cook county outside the city limits and will involve 300 car men.

## U. S. FILIBUSTERS INVADE MEXICO

Headed by Newspaper Man  
Armed Americans Cross  
Into Sonora.

### TAFT WARNS BELLIGERENTS

President Sends Peremptory Notice to  
Federalists and Rebels That There  
Must Be No Firing Across  
Line in Coming Battle.

Douglas, Ariz., Sept. 13.—The filibuster movement into Sonora has commenced, over 300 men starting. E. S. O'Reilly at the head of 29 Americans has gone into Sonora, east of Douglas. At the same time 125 went in near Hachita, 50 between Nace and Douglas, and 125 into lower California at Mexicali. The leader of the movement is O'Reilly, a newspaper man hailing from San Antonio, Tex., formerly of Chicago.

The filibuster has been quietly organizing for several weeks but the move came as a complete surprise. Each man carries more than 1,000 rounds of ammunition. The exact object of the filibusters is unknown.

O'Reilly was a soldier in the Madero revolution and has been a newspaper correspondent along the Mexican border during the Orozco insurrection.

#### Taft Warns Belligerents.

Washington, Sept. 13.—With the probability of a battle between the Mexican federal troops and the rebels at Agua Prieta, which is just across the boundary from Douglas, Ariz., President Taft, through the war department, sent both the federal and rebel commanders peremptory notice that there must be no firing across the line.

Generals Steever and Schuyler were instructed to give warning that this government could not submit to and would not permit violation of this notice, and General Steever was directed to place American troops at Douglas as to enforce the order.

#### Federal Force at Agua Prieta.

Telegrams received at the war department announced the arrival at Agua Prieta of a federal force of about 500 Yaqui Indians in command of General Sanjines. Other forces are on their way to Agua Prieta, traveling by train over American soil through Arizona from Juarez. Because of this reinforcement of the federal garrison at Agua Prieta it was doubted at the war department whether Rojas would attempt an attack.

A supply of 1,000 Krag rifles and 500 carbines with ammunition, sent by the war department, has reached Naco, Ariz., and will be used by General Steever for the arming of Americans on the border should such steps be made necessary by the aggressions of the rebels.

The state department admitted receipt of the vigorous demand of the Southern Pacific Railway company for the protection of its property in Mexico.

#### American Under Death Sentence.

New York, Sept. 13.—John Devine, twenty-two years old and a New Yorker, is in the Mexican army under sentence of death, according to a letter received by Peter Devine, father of the boy and a wealthy contractor, living at 3099 Broadway, this city. The father has communicated with Senator James A. O'Gorman, who has placed the matter before the state department at Washington.

#### CAUGHT RARE SPECIES.

John Kelley, while fishing this morning, caught two unusual fish for the river, when he pulled out a couple of quillback eels, which are supposed to have gotten into this stream through the canal feeder.

Mrs. Torgensen of Eldena is home from a three weeks' visit in Nebraska.

Andrew Gerdes of Sterling was in Dixon today.

## REBEL TROOPS ATTACK AGUA PRIETA TODAY

MEXICAN BULLETS ENDANGERING  
AMERICANS IN DOUGLAS,  
ARIZONA.

Douglas, Ariz., Sept. 13.—Special to Telegraph—The Mexican rebel force that has been gathering about the federal stronghold of Agua Prieta for several days, today began their attack on that city. The Americans in Douglas, Ariz., just across the Mexican line, are in great peril from the bullets from the rifles of the warring forces.

Commanders of both the federal and rebel armies were notified yesterday by President Taft that during their battle they must take care that their bullets did not cross into U. S. territory, but the opposing armies are paying little attention to the order. The commander of the rebel forces sent a very defiant message to the American commander at Douglas in answer to the president's order. He said that if the Americans insisted on helping the federalists they must take the consequences.

Claude Dewey, the young fellow who was arrested at Amboy some time ago and who, it was found, had been shot and wounded, was taken to the hospital this morning where an operation was performed and a 45 calibre bullet was removed from his left hip.

Since being arrested Dewey has suffered considerably from the wound as it would not heal, and an X-ray photograph was taken last evening, showed plainly the leaden ball lodged against the hip bone. Accordingly the operation was performed this morning. Dewey says he was shot in a drunken quarrel at Amarilla, Tex.

On the coming Sunday the local aggregation, which is not one bit discouraged by the two defeats handed it on its trips out of town, will take on the Rockford Athletics, leaders of the city league in that city, and they promise to do their best to resume their victorious streak which was so rudely interfered with by the Monroe and Sterling teams. ## STUDENTS DAY AT LEE COUNTY FAIR

SPECIAL TRAIN TO CONVEY THE  
CHILDREN TO AMBOY  
PUNKIN' SHOW.

Amboy, Ill., Sept. 13.—The Lee county fair association has completed arrangements with the Burlington Railway company for a special train from Shabbona to Amboy on Tuesday to accommodate the school children on the first day of the great Lee county fair. This arrangement insures a special train from Shabbona to Amboy four days of the fair, a special arrangement which is bound to help the fair.

There is now no doubt that the fair will be the biggest and best in the history of Lee county, and indications are that it will surpass any held in northern Illinois. The new amphitheatre is completed, the new track has been worked down until it is remarkably fast and the concessions are already beginning to arrive on the grounds.

## TO BUILD HOME FOR AGED CATHOLICS

PLANS FOR AN OLD PEOPLE'S  
HOME IN FREEPORT UNDER  
CONSIDERATION.

Freeport, Sept. 13.—It is probable that a home for aged and homeless Catholics of the Rockford diocese will be established in Freeport before long, if the plans of Bishop Muldoon materialize. There has been considerable discussion of the matter among Catholics and in an address recently in a nearby city Bishop Muldoon said there was under contemplation at present a plan for an old people's home, and that Freeport was being considered as an advantageous location.

#### Near St. Vincent's.

The plan now is either to erect new buildings near the site of St. Vincent's orphanage or to use the two now located on the grounds. When the new orphan's home is ready for occupancy the present building will not be needed for the children and can be utilized for other purposes.

If the home for aged becomes a reality it will be made to serve the entire diocese. Already several applications have been made to the bishop for the care of parishioners in such a home and it is believed that the move will be a popular and beneficial one.

#### PROGRESSIVES MET AT HARMON

An interesting meeting of progressives, which was fairly well attended was held at Harmon last evening, at which several strong addresses were made by local attorneys and candidates. A progressive meeting will be held at Ashton tomorrow evening.

#### THEY'RE NOT SUPERSTITIOUS.

Sterling, Sept. 13.—Special to Telegraph—A delegation of local Bull Moosers met in this city today to perfect campaign plans in the county. They met on Friday, the Thirteenth, and there were just thirteen of them present.

## CO. G MAY SEE ACTUAL SERVICE

UNITED STATES INTERVENTION  
IN MEXICO IS VERY  
PROBABLE.

### SIXTH REGIMENT IS ON THE LIST

In Case of Call for Militia to Intervene in Mexican War, Dixon Boys Will Probably Be Sent.

In the general belief of the local militiamen that if the trouble along the Mexican border continues and Uncle Sam decides to go ahead with his threatened intervention the Sixth Illinois will be one of the regiments to see service. It will be remembered that early in the year the government contemplated sending a number of the militia of the various states to the scene of the trouble and at that time the Sixth was one of the regiments which was notified to recruit to fighting strength and to hold themselves in readiness for a call to service.

However, at that time the trouble quiet and there was no necessity of the assembling of the state militia there. Now conditions are such as to practically demand some action on the part of this country and advice received by the local officers from those higher up indicate that it is very probable the local troops will see some actual service.

Because of this possibility the officers and members of Co. G are exhibiting a great deal of interest in the conditions along the border, and also in the standard of the local company.

## MRS. H. A. HIGGINS DIED LAST NIGHT

A cynic is a man who knows the price of everything and the value of nothing.

The price you pay for good glasses scientifically made and adjusted, and an accurate, scientific examination to determine if you need glasses and if needed the kind that will help your eyesight; the price you pay for such glasses and services represents a right value to place on your eye sight.

When you pick out your own glasses over a counter; when you fall victim to the faker who advertises \$5 glasses for \$1; when you compromise against your eyesight by an attempt to save money in buying glasses by mail; when you do these things you buy sight destroyers and know that you do not value eyesight.

Eyes cannot be examined by mail—they must be examined by those skilled in the practice of examining eyes.

Glasses cannot be fitted by mail—they must be fitted in person by hands trained by experience to make and adjust glasses.

Competition has established a standard of prices at which good services can be sold by good men. Prices below this standard means incompetency, poor glasses, ruined eyesight.

Trust your eyes to those you can trust.

# DEMENTTOWN

Lee Good, acting agent at the American Express office, is perfecting a burglar alarm which, he hopes, will work out to perfection. He tried it out on the Illinois Northern Utilities company's meter reader the other day, when that young man was reading the meter in the rear of the express office, and the young fellow was frightened quite some when the big bell commenced to ring. In fact he was so interested that he didn't get mad when Lee told him it was a "burglar" alarm, and his presence in the rear room had set it going.

Barney Hemmen, who worked for several hours recently bailing out his boat, which had sunk during his absence, is a firm believer in the constitution of the United States. For doesn't the constitution provide that "excessive bail shall not be required of any man?"

Owners of lap dogs should remember microbes and therefore take no chances by allowing no one to kiss the pretty little Fidos.

Only two more days in which to talk about that automobile ordinance. Do your kicking now, for after it passes Monday night, it will be too late.

## Beauty Hints.

(By Dr. Sullivan)

Lucinda—It is hard for us to answer your question, dear, in the way you would wish it answered. If nature placed a wart on your nose, nature probably knew what she was doing and you had better leave it alone. The only way we know to remove a wart from the nose so it won't return is to hold it under a dried beef cutter.

## DISPLAY WINDOW DRAWS BIG CROWD OF SIGHT-SEERS

Most Unique and Attractive Display of Famous Ware Ever Seen in Dixon.

Whatever else you do today, don't fail to take a few minutes time and see the striking window display at Ferguson's store in First street. For seldom, if ever, has there been a window display in Dixon that has attracted more favorable attention. And it is especially interesting to our readers in that it is the first announcement of the biggest kitchenware ever held in Dixon.

E. J. Ferguson, who is well known as one of our most progressive merchants, now sells the famous Cream City kitchenware. This ware is recognized all over the country as the standard enameled ware, but to introduce it to Dixon, will conduct a big 5-cent sale on Saturday, at which any customer will have her choice of the many utensils in the sale, at 5 cents each—regardless of what its price usually is.

Mr. Ferguson said yesterday that he expected this sale of Cream City Ware to be the most successful sale he has ever had. Cream City Ware, Mr. Ferguson went on to say, is probably the most widely known line of kitchen and enameled ware in the country. For over 30 years it has been famous for its quality and Saturday's sale offers a most unique opportunity that every reader of this newspaper should take advantage of. For it is seldom that you can buy Cream City utensils at reduced prices, and the manufacturers, Geuder, Paschke & Frey Co., of Milwaukee, limit the quantity of goods that can be sold at 5 cents and absolutely refuse to let any dealer sell more than the limited amount at this remarkably low price.

They say that the sale is simply a "get acquainted" event and once over it's over for good. So unless you go to Ferguson's Saturday you will miss your only opportunity of buying this famous Cream City Ware at 5 cents per article.

Mrs. John Kelley is quite ill.

A. W. Morrison is here from DeKalb for a short visit with relatives and friends.

Miss Anna Jensen is assisting at the H. C. Warner law office.

Mrs. Longfellow and daughter of Marion, Ia., are expected here next week for a visit of several weeks with her sisters, Mrs. Flick and Mrs. Sindlinger of North Dixon.

Miss Florence Burhenn has returned to her home in Franklin Grove after a visit with Miss Gertrude Edwards.

Mr. and Mrs. Frank Kersten, of Franklin Grove were Dixon visitors yesterday.

Miss Vivian Fenstermaker of Amboy was here yesterday visiting with friends.

A picture of special interest will be shown at the Princess this evening entitled, "Big Sister." The scenario of the play was written by George Morgan, a Dixon boy, who is employed at this house. This is Mr. Morgan's first effort and he was highly complimented on the picture by the Tianhauser company, who have produced his play.

## Dramatic Notes

### DALTON BOYS IN MOVING PICTURES

The story opens at the childhood home of the Daltons. Their bringing up and environment, Coffeyville, Kas. The devotion of a mother who believes in the good book from "river to river."

The scene shifts to twelve years later when Frank becomes deputy United States marshal and gives up his life in the service of Uncle Sam. Then Bob, Emmet and Grat become U. S. marshals and suffer all the hardships that fall to the lot of the range riders who have given their lives to bringing order out of chaos. Through the dishonesty of their paymaster, they were forced to retire from the service of Uncle Sam, and then began a reign of terror never equalled in the southwest. Shows their first crime—a very common one at that time, horse stealing, and all various dangers they went through, including the holding up of a train at Adair, on the M. K. & T. to the planning of the Coffeyville, Kas., raid. Here Death Alley, the Condon bank and the First National bank, shoe store, the livery man and the hardware man are faithfully portrayed. Shows Emmet Dalton returning to pick up his fallen brother Bob—the barber who wounded Emmet Dalton. Emmet's arrest. The explanation of his crime, his return to his home and his welcome by one who always believed in him—his mother.

Saturday and Sunday nights at the Dixon opera house.

### THE ROSARY.

I have always believed that a play dealing with the tremendous power of our human thoughts was really needed upon the stage. Men and women rise in the morning and go about their work heedless of the fact that it is their own attitude of mind that brings them success or failure.

That is what is shown in "The Rosary," a beautiful new play from the pen of Edward Rose and produced by Rowland and Clifford which will play at the opera house on next Tuesday, Sept. 17. You will see the effect of thought on the different individuals, one character is that of a business man happily married to a wife who loves him. But this thought is wrong, he harbors fear, doubt and unbelief in the good that lies around him. He loses all; fortune, home, wife, even his own self-respect. How does it end? Go and see The Rosary.

### FAMILY THEATRE

Manager Michelstetter of the Family theatre has certainly got a good, live show on this last half. Ferris & Zoeller walked away with the honors, they had to sing two extra numbers. Mr. Zoeller's character singing is excellent and he writes all of his own songs. Among his songs last night was one called Parson Brown, which brought the house down. This is one of the classic acts of its kind ever shown at the Family.

The Great George and Lottie are also very clever; they do some good sleight of hand work which wins a lot of applause. The Great George is also some acrobat, being formerly with the Barnum & Bailey circus. Don't fail to see George get through a chair, a very hard feat. He also says he will get through any chair, so bring down your chairs and let him go through them.

The pictures were very fine. You always get your dime's worth at the Family.

## BALDWIN IS RENAMED

Democrats of Connecticut Renominate Him for Governor.

State Convention Also Selects a Full State Ticket—Platform is Overlooked in General Enthusiasm.

Hartford, Conn., Sept. 12.—The Democratic state convention enthusiastically nominated Simeon E. Baldwin for governor here and then named the following men on the balance of the ticket:

Lieutenant governor, Lyman T. Tingle of Vernon; secretary of state, Albert W. Phillips of Stamford; treasurer, E. S. Robert of East Canaan; controller, Daniel P. Dunn of Williamantic.

Presidential Electors—Henry McManus, Hartford; Charles T. Coyle, New Haven; M. B. Cary, Ridgefield; William Belcher, New London; Oscar O. Tappan, Windham; W. B. Perry, Jr., Salisbury; and John L. Fisk, Middletown.

The governor was called before the convention by a special committee and made a speech foretelling Democratic victory in the state elections this fall. So enthusiastic was the convention over the renomination of Governor Baldwin that it did not adopt the platform.

when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp. Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

## SICKLES' HOME SAVED

ESTRANGED WIFE COMES TO OLD VETERAN'S AID.

Woman Weeps as She Pawns Her Jewels for \$3,000 to Assist Her Husband.

New York, Sept. 13.—The threatened loss of his priceless collection of objects of art and rare tones, which has hung like a pall over the head of Gen. Daniel E. Sickles, diplomatist, the veteran of several wars, and which, his friends assert, is the real reason the old warrior refused to permit the use of his name as a candidate for the office of commander-in-chief before his comrades now in session at Los Angeles, has been averted.

The general's wife, from whom he has been estranged for the past 27 years, took her jewelry from a safety vault down town and passed it over the counter in a pawnbroker's shop to satisfy the judgment against the old soldier.

She wept bitterly as the gems—enough to total more than \$3,000—were passed over to the money lender. "I have done it for him," she said between sobs. The money in her possession, the judgment was satisfied within a half hour and uptown, in the neighborhood where the distinguished veteran and his handsome wife have sustained separate establishments, there are whisperings of a reconciliation, but on the subject everybody is dumb.

## EDITORIAL

PUTTING EDITOR LANDERS

RIGHT.

Editor Zibe Landers, of the Ogle County Republican, said in his paper the other day that there were but two Bull Moose papers in Northern Illinois. He named them both, and one of those named was the Dixon Telegraph.

It is evident that Mr. Landers is not a careful reader of this particular paper at least, or he would have seen our editorial in a recent issue explaining our stand on the political situation. The Telegraph, is today what it has been for over sixty years, progressive Republican, and if there is any one thing that will arouse our ire more quickly than anything else, it is to be called anything but Republican.

What excuse Friend Landers has for calling us Bull Moose is beyond our ken, but we suspect that it is our policy of fair play and of printing all the news, political or otherwise, pertaining to all parties. This is a policy we have always followed, and always will. There are many good reasons why we should, and nothing but narrow gauged, moss-bedecked arguments are against it. Aside from the fact that men of all parties read the Telegraph, we take the position that our thousands of republican readers are surely interested in the active maneuvers of the other parties. We also have enough faith in those who believe in the sound principles of the Republican party to feel that they are not weak enough to be tempted from the ranks of that political organization whose vast membership has produced some of the greatest men in the history of the world, and whose statesmen, dead and living, have been and are today the ablest, safest, most rational and most sincere in these United States. We believe in the Republican party and more, it is our religion. We see its faults, too, as plainly as any, but because we see a fault we do not intend to desert the standard. Something else may look new and pretty, but we know what the good old ship, Republican, is made of. We are going to "stick" and fight for an even better and more progressive Republican party.

And we intend to print all the news that's now and interesting, and fit to print. This is not the age in which readers can be hoodwinked and fooled by being shown but one side of a question, and top-sided journalism is ancient history. The more a Republican reads about the goings on in other parties, the more pleased he will be that he stayed Republican.

Somewhere in this issue there is probably a notice about a socialist meeting to be held soon, for the article was handed in today with the request that it be printed. It was put in the copy box and will be run in the news columns of the paper. When Editor Zibe Landers discovers it, he will have to revise his statement, and inform his readers that the Telegraph has turned socialist.

## COLORED MEN TO GIVE SHOW IN NORTH DIXON TONIGHT

The colored men of the camp of 55 laborers from the south, who are working for the Illinois Central, will give an unique entertainment tonight in a tent near the North Dixon depot. None of the men are professionals, but there are some good dancers among them, and they will give some short sketches. It is like being transported to the south for a short time to see these Mississippi colored boys as they appear in their natural environment, giving various amusements for their own entertainment, and the small expense of attending will be amply repaid in the merriment afforded. The tent will be supplied with seats and the comfort of all will be looked after.

The men are orderly and well behaved, and are making an effort to merit the respect of the northern people which is worthy of approbation.

30,000 VOICES!

And Many Are The Voices of Dixon People

Thirty thousand voices—what a grand chorus! And that's the number of American men and women who are publicly praising Doan's Kidney Pills for relief from backache, kidney and bladder ills. They say it to friends. They tell it in the homes papers. Dixon people are in this chorus. Here's a Dixon case.

Mrs. Emile Bott, 811 College Ave Dixon, Ill., says, "We recommend Doan's Kidney Pills just as highly now as we did some years ago when we first gave a public statement in their praise. I was rheumatic and most of the pain was through my back and kidneys. At night I didn't sleep well and in the morning was all tired out. I was also nervous and dizzy and my kidneys were out of order. I tried different remedies but was not helped until I used Doan's Kidney Pills which I got at Leake Bros. Co.'s Drug Store. They made me strong and well."

For sale by all dealers. Price 50 cents Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
